Pertussis (Tdap) Verification for Healthcare Providers In Response to California Assembly Bill AB354

California Assembly Bill AB354 requires that all students entering or advancing into 7th through 12th grades are required to show proof of a Pertussis (Tdap) booster prior to school entry in the 2011-2012 school year. A Tdap or DTaP immunization given on or after the patient's 7th birthday will meet this requirement; however, doses given between the ages of 7-10 may not fully protect the student through the end of high school.

The following child will be entering 7 or 8th grade in the 2011-2012 school year. To assist us in ensuring our school is in compliance with the new California law, we are requesting that you complete the information below. Thank you for your assistance.

Student: _____ **Date of Birth:** _____

Date Completed By Provider: _____

Healthcare Provider (Printed Name): _____

Provider's Signature or Stamp: _____

Date of last Tdap/DTaP Immunization: _____
(***Note***: **Td does not meet the requirement**) MM / DD / YYYY

Type of Immunization: ☐ Tdap ☐ DTaP

☐ Child is medically exempt from this immunization.
(must **provide a note, written on physician's letterhead or prescription pad**, indicating reason for medical exemption. Must specify if this is a PERMANENT exemption or TEMPORARY. Temporary exemptions must specify the time frame of the temporary exemption.)
